PROFILE

As a graduate with a strong passion for web development, I am eager to start my career as a frontend developer. I have a solid foundation in HTML, CSS, and JavaScript, complemented by hands-on experience in creating responsive and visually appealing web designs. With a keen eye for detail and a drive to continuously learn and adapt, I am excited to contribute to innovative projects and collaborate with a dynamic team to deliver outstanding user experiences.

WORK EXPERIENCE

Rajsriya Automotives   2017-2019
Quality control officer

- Detail-oriented Quality Control Officer with extensive experience in the automotive sector. Skilled in conducting rigorous inspections and implementing precise testing procedures to ensure vehicles meet the highest standards of safety and performance. Adept at identifying defects and facilitating corrective actions to enhance overall product quality..

TVS Automobiles Pvt.Ltd   2019-2022
Production Engineer

- Process Optimization: Implemented and refined manufacturing processes to improve efficiency, reduce costs, and enhance product quality.
- Production Planning: Developed and managed production schedules to ensure timely and efficient delivery of automotive components and assemblies.

Career Transition Period   2023-2024

- Transitioning into the IT industry after a career gap. During this period, I focused on developing and refining my skills.
- I needed some time off to take care of family issues that required my full focus. Now that everything is sorted out, I'm excited to dive back into work with a fresh outlook.
- During my break, I took online courses to build new skills, and this time helped me improve my abilities.
